

Master Directors
Michelle Thibodeaux & Terry Young

Michelle and Terry both have degrees in accounting and finance, and years of banking and real estate experience. They have been involved with Sunrider for nearly 13 years now of which Michelle has served 5 years on the North American Advisory Board. Michelle shares, "Because of my success in undergrad and graduate school, I thought that, in

Corporate America, I would get to 'be somebody'. Things didn't quite work out that way. Yes, I had a 'good-paying' job, but work wasn't fulfilling, drinking beer with the boss wasn't fun, and that perennial 'Glass Ceiling' was ever-present. My spirit wanted more! I needed to call my own shots!

Terry and I are entrepreneurs. We've been involved in various business ventures but nothing excites us the way this business does! Thanks to Sunrider, I love my life! I set my own schedule; I work from home; I get to spoil my husband; I'm able to be there for my son! Yes, I love this business! I love the way that I've grown and the friends that I've made. I love the money I earn and the lifestyle I live! I love the lives I get to touch, the difference I get to make. Life is good! And I'm having fun!"

Terry shares, "I believe in multiple streams of income. Network Marketing is the ultimate 'cash cow' and Sunrider International is the ultimate network-marketing machine! Nowhere else in business have I experienced this kind of leverage. It is dynamic indeed! And working with my wife has been more rewarding than I ever imagined!"

If there is but one message that we could leave with you, that would be To BELIEVE! Believe with all your heart that YOU CAN DO THIS! Know that you can do it and that you can do it Big! Our Team will support you....and for those who follow the System, Success Is Guaranteed!
